NO ANIMAL TESTING DECLARATION

Nature In Bottle does not conduct or commission animal testing of any cosmetic ingredient, raw material, or formulation of any finished product in the context of Cosmetics Regulation (EC) 1223/2009. Additionally, we do not buy any ingredient, formulation, or product from any supplier or manufacturer that conducted, commissioned, or had been a party to Animal Testing.

Nature In Bottle pledges to be cruelty free. We believe that animals should not suffer and die to test cosmetics or cosmetic ingredients. It has been understood that the results of product tests on animal skin do not necessarily give an accurate indication of a possible outcome on human skin. We support any alternative methods of evaluating safety and unequivocally declare that there is no justifiable reason to continue animal testing in the name of beauty.

Nature In Bottle also encourages customers who manufacture cosmetics and skin care products to avoid animal-tested ingredients and offer cruelty-free products to their customers.
